

# Pinnacle Infotech Expands Its Global Presence with New Office in San Jose, California

*BIM leader Pinnacle expands globally with a new office in San Jose, California. This marks their 13th office & 4th in N. America (Houston, Atlanta, Toronto).*

SAN JOSE, CALIFORNIA, USA, May 7, 2024 /EINPresswire.com/ -- [Pinnacle Infotech](https://www.einpresswire.com/), the global leader in the Building Information Modeling (BIM) industry, has opened its new office in San Jose, California. This strategic expansion marks the company's 13th global office and its fourth in North America, in addition to its offices in Houston, Atlanta, and Toronto.

California's construction boom is expected to continue. A Statista report predicts revenue reaching \$340.3 billion by 2024, and over 69% of Californians in the AGC of California 2024 Survey expected the industry to stay strong or grow. This rising demand will likely drive further investment in construction technologies for increased efficiency.

“

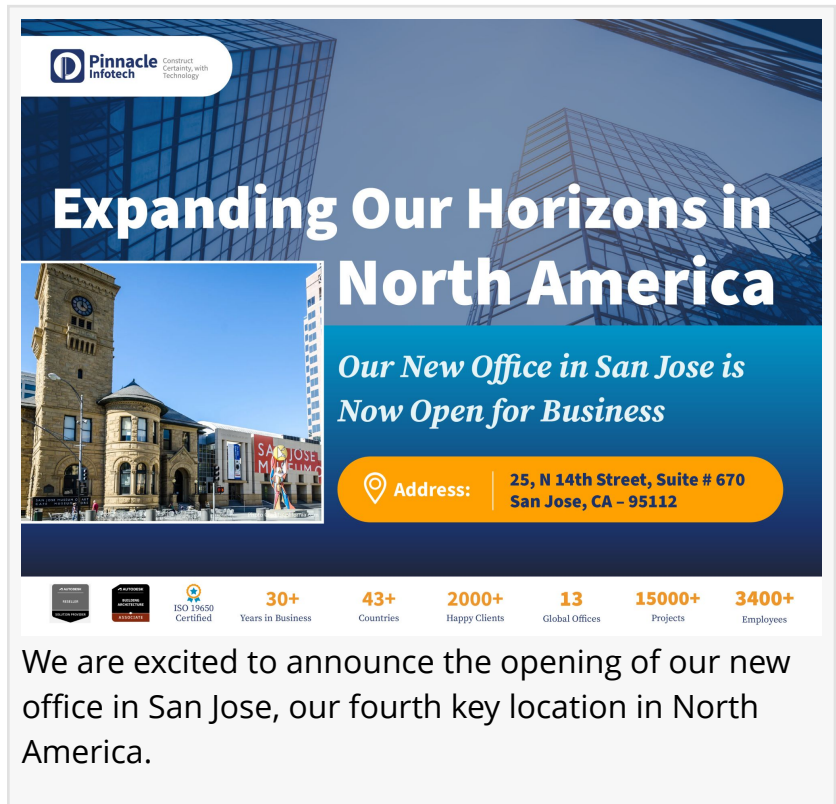

Our expansion into San Jose is part of our ongoing effort to be closer to our clients and the markets we serve.”

*Bimal Patwari, CEO of  
Pinnacle Infotech*

The new San Jose office of Pinnacle Infotech will cater to the burgeoning needs of the construction industry in North America's largest construction market, California. "Our expansion into San Jose is part of our ongoing effort to be closer to our clients and the markets we serve. With California being a hub of the construction industry and cutting-edge technology, we decided to have our footprints in the region to drive innovation and help our clients grow

in this dynamic sector," said Bimal Patwari, CEO of Pinnacle Infotech.

Since the U.S. government has directed construction companies to be zero-carbon-ready by

We are excited to announce the opening of our new office in San Jose, our fourth key location in North America.

2030, companies can better position themselves by adopting sustainable construction practices. This new office of Pinnacle Infotech will empower clients to adapt to changing customer needs and regulatory requirements while optimizing construction costs.

Mr. Somesh Gupta, Vice President of U.S. operations and Chief Growth Officer of Pinnacle Infotech, said, "California's construction market continues to be the prominent one. Pinnacle Infotech leverages the latest technologies like Digital Twins and Facilities Management to optimize construction in the region by providing a pathway to precision, sustainability, and operational excellence."

The company's portfolio features an array of [iconic projects across the USA](#), including airports, stadiums, industrial complexes, and data centers. "Having successfully delivered projects like the Facebook Data Center, Denver International Airport, ASHRAE Global H.Q., and Cincinnati Union Terminal, we are now setting our sights on making a big impact in the Bay Area," said Jash Hirani, head of business development and operations at Pinnacle Infotech's San Jose office.

Pinnacle Infotech has earned several laurels worldwide for its outstanding work, the most recent being the Best Performer Award from Samsung C&T for its [BIM services](#) provided for "The Line," a groundbreaking construction project in Saudi Arabia, considered one of the biggest in the region. Adding to their list of accolades, Pinnacle Infotech secured a win at the prestigious Autodesk Imagine Awards 2023. The company's innovative work on the Amazon AWS Project in Jakarta earned it the top prize in
