

EY Announces Kevin S. Little of Health Advocates Network as an Entrepreneur of The Year® 2024 Florida Award Finalist

Entrepreneur Of The Year celebrates ambitious entrepreneurs who are shaping the future

BOCA RATON, FLORIDA, UNITED STATES, May 8, 2024 /

EINPresswire.com/ -- Ernst & Young LLP (EY US) announced that [Kevin S. Little](#) of [Health Advocates Network](#) was named an Entrepreneur Of The Year® 2024 Florida Award finalist. The Florida program celebrates entrepreneurs from Florida and Puerto Rico. Now in its 38th year, Entrepreneur Of The Year is the preeminent competitive business award for audacious leaders who disrupt markets, revolutionize sectors

and have a transformational impact on lives. Over the past four decades, the program has recognized the daring entrepreneurs with big ideas and bold actions that reshape our world.

Kevin S. Little was one of 22 regional entrepreneurs selected as finalists by an independent panel of judges. The candidates were evaluated based on their demonstration of building long-term value through entrepreneurial spirit, purpose, growth and impact, among other core contributions and attributes. This is the third time Kevin S. Little has been named an EY Entrepreneur Of The Year Florida Award finalist.

“

Our success in our latest venture, Health Advocates Network, is especially meaningful having worked with the leadership team for over twenty years.”

Kevin S. Little

“Having had the benefit and privilege of spending the formative years of my professional career at Ernst & Young, I am humbled and honored to be recognized for

the third time as an EY Entrepreneur Of The Year Florida Award finalist,” said Kevin S. Little, Chief

Executive Officer, Health Advocates Network. “My time at EY laid the foundation for the entrepreneurial achievements I have been fortunate to experience which could not have happened without the dedicated colleagues with whom I have worked along the way. Our success in our latest venture, Health Advocates Network, is especially meaningful having worked with the leadership team for over twenty years.” Health Advocates Network is a leading, quality-oriented scale provider of workforce solutions to healthcare systems and governmental agencies nationwide.

Entrepreneur Of The Year honors many different types of business leaders for their ingenuity, courage and entrepreneurial spirit. The program celebrates original founders who bootstrapped their business from inception or who raised outside capital to grow their company; transformational CEOs who infused innovation into an existing organization to catapult its trajectory; and multigenerational family business leaders who reimaged a legacy business model to fortify it for the future.

Regional award winners will be announced on June 14 during a special celebration and will become lifetime members of an esteemed community of Entrepreneur Of The Year alumni from around the world. The winners will then be considered by the National judges for the Entrepreneur Of The Year National Awards, which will be presented in November at the annual Strategic Growth Forum[®], one of the nation’s most prestigious gatherings of high-growth, market-leading companies.
