

Minibus Market to Expand at a CAGR of 4.7% will Reach US\$ 15.6 billion by the End of 2032

The global minibus market has experienced significant growth and transformation, driven by urbanization, and growth in tourism and recreational activities.

WILMINGTON, NEW CASTLE, DELAWARE, UNITED STATES, May 7, 2024 /EINPresswire.com/ -- The [minibus market](#) is estimated to continue to grow at a moderate growth rate due to urbanization, and increase in tourism and recreational activities.

Government regulations, including advancement in safety features in minibuses, are likely to have an impact on the future of the industry. While the market offers significant opportunities, it faces challenges, including license restrictions and competition from faster modes of public transport. The market's growth prospects are closely tied to industry-specific demands, economic stability, and technological advancements.

Urbanization and growth in tourism & recreational activities drive the growth of the global car minibus market."
