A Decade of Partnership: Transforming Travel Technologies through DataArt and Sabre Collaboration

NEW YORK, NY, US, May 7, 2024 /EINPresswire.com/ -- DataArt, a global software engineering firm, is proud to announce the 10-year celebration of its partnership with Sabre, a leading-edge global travel distribution and technology company.

DataArt offers custom software development and Sabre API integration services for Sabre's global clients, including travel management companies, online travel agencies, leisure and loyalty fulfillment travel agencies, cruise lines, and third-party technology partners, helping them optimize Sabre's travel distribution platform.

"At DataArt, we are proud to mark this significant milestone of our longstanding partnership with Sabre," said Mike King, Strategic Partnership Director at DataArt. "Together with Sabre, DataArt has strived to deliver impactful solutions to our clients, always with a commitment to excellence and innovation."

Miguel Gonzalez, senior director – corporate strategy & partner solutions at Sabre said, "At Sabre, we consider DataArt to be a trusted ally in our goal of providing the best support to connecting our clients and partners with Sabre's technologies and to develop custom solutions to support their specific business needs. Over the past ten years, DataArt has consistently demonstrated a profound understanding of our platform while delivering high-quality solutions to our mutual clients."

In 2019, DataArt established a dedicated in-house Research and Development (R&D) team that specializes in the Sabre platform and API services. This initiative enabled DataArt to gain additional expertise in Sabre's technologies, explore its latest advancements, and develop proprietary tools tailored to accelerate development.

Today, DataArt's expertise extends across a wide range of Sabre solutions, including but not limited to developing custom travel shopping and booking applications, building Sabre Red Workspace applications, and integrating with Sabre's NDC and Content Service for Lodging APIs.

With a shared vision for excellence and a solid commitment to customer satisfaction, DataArt and Sabre look ahead to a future filled with continued growth, partnership, and success.
