Shower Tabs are also known as shower steamers, or shower bombs. Zensah's tabs are infused with natural eucalyptus and menthol essential oils, the Sport Aromatherapy Shower Tabs offer a refreshing and invigorating sensation from the moment they are activated in the shower. These essential oils were chosen specifically for their touted aromatherapy benefits and fresh, exhilarating scent.

Unlike traditional bath bombs, Zensah's Sport Aromatherapy Shower Tabs are specifically formulated for use in the shower, making them convenient and hassle-free for use in athlete's everyday routine. For use, a shower tab should be placed on the floor of the shower away from direct water flow. Once steam and droplets from the shower stream activates the tab, the revitalizing scent of eucalyptus and menthol will fill the room. Athlete's use of aromatherapy for wellness, mindfulness, stress relief, and revitalization is the goal with this inventive product.
