About The Delivery People

The Delivery People was initially established as a cartage company in 2006 on Maui. When the ownership recognized how difficult it was to transport goods throughout the Hawaiian Islands, they realized that there was an opportunity to offer a door-to-door solution to their customers. By 2008, an office was opened on Oahu, and they began handling Air Freight and Ocean Freight for their clients throughout Hawaii. The owners had a “whatever it takes” attitude and a 24/7/365 mentality and they personally trained the management staff with that in mind. Many of the original staff are still on board today, maintaining their mission.

TDP Air Freight Service

From 2010 through 2016 the Hawaii locations expanded with new, larger facilities, and an office was opened in Los Angeles. In recent years, TDP has expanded their business offerings to serve Alaska, American Samoa, Guam, and Puerto Rico as a full-service offshore market solution.

The Delivery People offers a variety of transportation services from [Air and Ocean Freight to Storage and Warehousing](#), as well as Pick Up & Delivery, Special Projects, and White Glove Service. No cargo is too big or too small, TDP ships it all.
