ProSpend*

“Not-for-profit organisations require specialised expense and business spend management tools aligned with their financial systems, reporting structures and compliance needs,” said Sharon Nouh, Founder & Chief Executive Officer at ProSpend. “By partnering with Giuntabell's expertise in nonprofit accounting, we can provide an optimised solution that delivers full control and visibility

into organisational spend.”

Key capabilities of the integrated expense management solution include:

- Mobile expense entry with receipt capture, mileage tracking and geo-location data
- Multi-level approval workflows mapped to each nonprofit's policies and hierarchies
- Comprehensive audit trails with expense allocations for tax compliance and reporting
- Automated general ledger transaction coding synchronisation
- Granular spend dashboards to monitor expense trends, policy adherence and budgets

"Our not-for-profit clients strive to maximise efficiency while ensuring full accountability," noted Nunzio Giunta, Managing Partner at Giuntabell. "This partnership allows us to deliver an automated, tightly integrated expense management experience optimised for not-for-profit organisations to drive process optimisation and cost savings."

The cloud-based architecture enables rapid implementation with native integration between ProSpend and all major not-for-profit accounting systems deployed by Giuntabell.
