Depending on revenue source, the sponsorship segment accounted for the highest revenue in 2019. This is attributed to unlimited opportunities the organizers find to broaden their competitive advantage. Moreover, sponsoring an event increases reach among potential buyers and customers, thereby boosting the growth of the events industry.

By age group, the 21–40 years segment contributed the maximum revenue in 2019, owing to growing interest toward entrepreneur & business seminars, conferences that offer proper guideline & direction to the youth for establishing a start-up, along with music concerts and festive gatherings.

Region wise, Europe was the highest revenue contributor in 2019, as this region has been extremely successful in winning conferences of international associations with over half of the top cities and countries selected as destinations for international association conferences being in the region.
