

ZorroSign Honored by 2024 SEAL Business Sustainability Awards for Sustainable Innovation

Prestigious Award Recognizes Innovations that Represent Game-Changing Ideas for a More Sustainable Future

PHOENIX, ARIZONA, UNITED STATES, May 8, 2024 /EINPresswire.com/ -- ZorroSign, Inc., a global leader in data security solutions built on blockchain, was announced as one of the winners of the 2024 SEAL Business Sustainability Awards honoring leadership, innovation, and commitment to sustainable business practices.

The SEAL (Sustainability, Environmental Achievement & Leadership) Awards is an awards-driven environmental advocacy organization celebrating the companies and leaders across the globe that make measurable contributions to sustainability, and develop innovative initiatives that will positively impact the environment for centuries to come.

“

Receiving the SEAL Business Sustainability Award is a testament to ZorroSign's enduring dedication to sustainability.”

Shamsh Hadi, CEO & Co-Founder at ZorroSign

“Receiving the SEAL Business Sustainability Award is a testament to ZorroSign's enduring dedication to sustainability,” said Shamsh Hadi, CEO and co-founder of ZorroSign. “From our inception, we have been fervently committed to not only reducing paper usage but also to actively contributing to global reforestation efforts. Our

initiatives include the innovative Save a Tree/Plant a Tree program, our collaboration with One Tree Planted, and significant contributions to the Plant for the Planet's Trillion Tree Campaign.”

The SEAL Awards core beliefs maintain that environmental progress requires true leadership, leadership deserves recognition, and recognition is a form of accountability.

“Integration and Impact are the watchwords of the 2024 SEAL Sustainability Awards. This year, we’ve seen an impressive synthesis of technology, design, and innovation combined to drive sustainable impact,” commented Matt Harney, Chairperson and Founder of SEAL Awards. “Alongside the critical need for organizations to dedicate real investment and human capital into ESG, the holistic approach of these award winners is imperative to keep driving progress.”

ZorroSign is committed to advancing technology while advancing sustainability, and ZorroSign’s goal is to help customers adopt sustainable practices and securely transform paper-based workflows into digital workflows. This conscientious approach to operations helps to decrease costs, lower resource consumption, reduce data errors, and increase productivity. Businesses, educational institutions, financial organizations, governments, IT firms, legal service providers, real estate companies, and other organizations around the world use ZorroSign to manage their digital transactions privately and securely.

ZorroSign's data security platform was built on private, permissioned Hyperledger Fabric blockchain technology and now includes options for public, permissionless Provenance Blockchain. The platform unites digital signatures, identity-as-a-service (IDaaS), contract lifecycle management (CLM), privacy compliance, patented fraud prevention, user authentication, and document validation to efficiently address the challenges of electronic document privacy and security.
