

ecfirst, A HITRUST Authorized External Assessor, Achieves r2 Certification

ecfirst Demonstrates Deep Commitment to the HITRUST Ecosystem

WAUKEE, IA, USA, May 14, 2024 /EINPresswire.com/ -- ecfirst proudly announces that it has successfully achieved the [HITRUST](#) Risk-based, 2-year (r2) Certification. This esteemed certification underscores ecfirst's unwavering commitment to the HITRUST ecosystem. It further demonstrates to organizations looking to pursue certification that ecfirst has the experience and the expertise to successfully meet HITRUST requirements.

The HITRUST r2 Certification is recognized across industries as a comprehensive and rigorous security framework. By meeting these stringent criteria for an r2 Certification, ecfirst assures clients and partners of its capability to address the requirements across the dozens of HITRUST authoritative sources.

"Our clients regard HITRUST Certification as a strategic objective for their business. Be it a HITRUST e1, i1, or r2 certification, the ecfirst HITRUST methodology delivers results on time and within budget," said Ali Pabrai, Chief Executive of ecfirst. "With ecfirst selected to serve on the HITRUST Assessor Council, we are continuously at the forefront to contribute to our clients and the HITRUST global ecosystem."

The process to achieve HITRUST r2 Certification involves a thorough assessment of an organization's information security protocols, risk management practices, and compliance with industry-specific regulations. Achieving this certification demonstrates ecfirst's alignment with global standards and its proactive approach to mitigating cyber risks.

ecfirst's achievement of the HITRUST r2 Certification is part of the company's ongoing strategy to provide cutting-edge cyber defense solutions. Clients can feel confident that ecfirst has applied the HITRUST requirements for its most comprehensive certification, the r2, to ecfirst itself. This translates to clients trusting ecfirst thought leadership with their own HITRUST priorities.
