Collaborations with local service providers, hotels, and other travel-related businesses open opportunities for special offers and improved services. Partnerships increase agencies' accessibility and provide clients with more

options. Some travel companies concentrate on particular areas or niche markets, such as luxury travel, family trips, or health retreats. They offer in-depth knowledge and specialized advice that is suited to the demands of certain customers according to their areas of expertise. Thus, traditional travel agency market demand is creating traditional travel agency market opportunities during the forecast period.

The COVID-19 pandemic highlighted the value of flexible cancellation and booking rules and regulations. To provide consumers peace of mind, travel agencies are modifying their conditions to make allowances for last-minute modifications to vacation itineraries. To offer integrated travel experiences and reward programs, traditional travel agents are collaborating with businesses from various industries, like hospitality, entertainment, and even technology. All these traditional travel agency market trends are driving the traditional travel agency market growth.

The traditional travel agency market is analyzed on the basis of service type, age group, and region. By service type, the market is divided into transportation, travel accommodation, and vacation packages. By age group, the market is segmented into 22-31 years, 32-43 years, 44-56 years, and >56 years. Region wise, the market is analyzed across North America (the U.S., Canada, and Mexico), Europe (France, Germany, Italy, Spain, the UK, and the rest of Europe), Asia-Pacific (China, Japan, India, South Korea, Australia, Thailand, Malaysia, Indonesia, and the rest of Asia-Pacific), and LAMEA (Brazil, South Africa, Saudi Arabia, UAE, Argentina, and the rest of LAMEA).

By service types, the transportation segment held the highest market share in 2022, accounting for more than two-fifths of the global traditional travel agency market revenue and is estimated to maintain its leadership status throughout the forecast period. The demand for transportation services is on the rise within the traditional travel agency market. Travelers seek the convenience of expertly curated transportation options that align with their personalized itineraries. The travel accommodation segment, however, shows the fastest CAGR of 5.0% during the forecast period.

The 22-31 years segment to maintain its leadership status throughout the forecast period.
