

# SalaryJunction Provides the Latest Salary Data to Help Workers Negotiate

DOVER, UNITED STATES, May 10, 2024 /EINPresswire.com/ -- SalaryJunction, the leading website for [comparing salaries](#), recently updated its database to include the latest salary data from the Bureau of Labor Statistics. The update provides users access to the most comprehensive salary information available, with data spanning from 2014 through 2023 and covering 5,802 job titles across all industries in the U.S.

With its newly expanded data, SalaryJunction offers workers an easy way to benchmark their pay and determine fair compensation. This information is invaluable for those looking to negotiate a raise or job offer.

Salary trend from 2014 to 2023 of a Structural Engineer in the US

"We're committed to providing the most accurate and up-to-date salary data possible," said Kevin Hayes, founder of SalaryJunction. "By incorporating the newest numbers from the Bureau of Labor Statistics, we can give workers the insights they need to better understand their worth and have more productive conversations about pay."
