Aspire ID8 - Automating Management Consulting

Atamai Management Consultancies, provides strategic advisory services for companies to deliver

on their goals, partnering with family offices, founders, OEMs & private equity firms. Atamai's value comes as a result of real corporate experience in driving growth, spotting talents, creating a unique work culture, and boosting performance.

Atamai is capitalizing on the +100 years of diverse experience of its partners across multiple top tier companies and disciplines and can leverage world-class learnings, processes and behaviours to help its customers with full transparency.

Atamai consultants, bring a philosophy of doing the right thing to get the desired outcomes, in compliance with laws and guidelines. Compliance and integrity come at the top of everything we do every day, and we ensure we maintain the same throughout all our transactions and dealings.

Utilising the expertise of our consultants and technology partner and our partner network, we are able to provide a range of diagnostic solutions tailored to provide rapid assessments across a wide range of organisational, commercial, operational, compliance and digital technology challenges. These robust solutions are continually refined through invaluable insights gathered from our partner network of seasoned consultants, and encompasses the following integral components:-

- User-Friendly Interface: Designed for simplicity, this interface facilitates the capture of responses to pre-defined questions.
- Advanced Assessment Engine: Leveraging a standardised model, this engine efficiently scores the responses to the questions, ensuring consistency and accuracy in our evaluations.
- Comprehensive Management Information: This feature furnishes detailed reports and dashboards, effectively pinpointing areas warranting attention or presenting challenges.

The Aspire ID8 based service turns the traditional consulting model upside down, empowering business teams to be actively involved in the analysis and decision-making process. Engagement in the assessment work leads to greater participation, ownership, accountability for the action plan and the prioritised roadmap generated.

The Aspire ID8 based service provides maturity gap analysis and sentiment analysis visuals that enable consideration of different viewpoints. The visualisation of collected data considers specific areas, encompassing business, organisations, functions, departments, teams, processes, resources and options for user defined demographics.

Headquartered in Hampshire, England, Aspire is a well-established consulting, advisory and professional services organisation that is focused on growing and expanding the range of diagnostic service offerings through strategic partnerships using Aspires' revolutionary ID8 Business Diagnostic Toolkit.

"Atamai Management Consultancies is committed to delivering its clients high quality and

accelerated delivery services through innovative new technologies and methods, and we are pleased that together we have agreed to a partnership through the use of Aspires ID8 Business Diagnostic product and services to support this commitment," said Robert Peopall, MD at Aspire Performance Improvement.

"Atamai's focus is to deliver business growth and help customers perform better. Aspire's ID8 provides us with a platform to provide our clients with a fast, collaborative and cost-efficient solution to tackle their business and technology challenges through rapid diagnostic assessments that speed up the implementation of solutions, directly impacting productivity and cash-flow." Said Paul Zeitoun, Director & Co-founder of Atamai Management Consultancies. 'Building strong and collaborative long-term relationships is key to our success, and we are excited to have Aspire as part of the team.' Said Rabih Chehade, Co-founder & Director of Atamai Management Consultancies LLC.
