

Alabama Mesothelioma Victims Center Urges a Person with an Out of The Blue Mesothelioma Diagnosis in Alabama to Call the Birmingham Based Environmental Litigation Group About Compensation-It May Exceed a Million Dollars

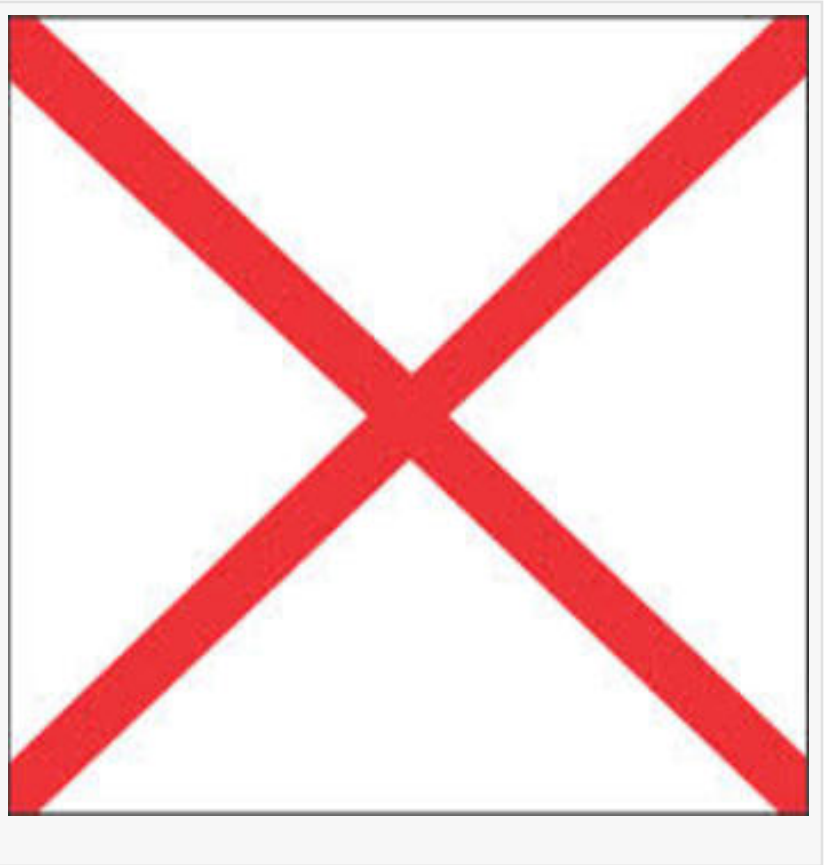

BIRMINGHAM , ALABAMA , USA, May 13, 2024 /EINPresswire.com/ --

According to the Alabama Mesothelioma Victims Center, "If you your loved one has just received word they have mesothelioma anywhere in Alabama, and they have no idea of how this could have happened, please call the Birmingham based Environmental Litigation Group at 866-714-6466. We call this-'out of the blue mesothelioma' and typically it is easy to figure out.

"The first question we ask is did your loved one-husband-dad-brother-boyfriend ever work at a shipyard, steel mill, power plant, manufacturing facility-or any other type of workplace where they might have brought asbestos home on their work clothing? This is also called secondhand exposure to asbestos."

*"The other question we ask is have you ever used talcum powder-baby powder?"

"Secondhand exposure to asbestos is still a huge problem, because back in the 1960s, 1970s, or 1980s your husband, dad, boyfriend might have been exposed to asbestos at work-and brought home on their work clothing. Baby Powder-Talcum Powder is a newer problem because people

did not know these products contained asbestos until a few years ago as the lawyers at the Environmental Litigation Group are always happy to discuss at 866-714-6466.

"If you have just been diagnosed with mesothelioma in Alabama and you don't know how, or why please call the Birmingham based Environmental Litigation Group at 866-714-6466. We are certain you will be glad you did."
