

Successful Conference by Dr. Fabio Tandioy at the 69th National Congress of SCCOT

CARTAGENA, BOLIVAR, COLOMBIA, May 13, 2024 /EINPresswire.com/ -- During the 69th National Congress of the Colombian Society of Surgery and Orthopedics (SCCOT), held from May 8 to 11 in the beautiful city of Cartagena, Dr. Fabio Tandioy stood out with his innovative conference on the importance of wrist arthroscopy technique.

Dr. Tandioy's conference, titled "Arthroscopic Repair of the Triangular Fibrocartilage," captivated the audience with his deep knowledge and over 10 years of experience in this area. At a time when wrist arthroscopy is gaining increasing importance in Colombia, Dr. Tandioy emerges as a pioneer and leader in this field, sharing his knowledge to further drive the development of this technique in the country.

“

It is an honor to have had the opportunity to share my experience and knowledge at this prestigious event”

Dr. Fabio Tandioy, Hand & Wrist Surgeon.

During his presentation, Dr. Tandioy highlighted the relevance of wrist arthroscopy in the treatment of a variety of orthopedic conditions, emphasizing its benefits in terms of precision, minimal invasion, and rapid recovery for patients. Additionally, he provided invaluable information on the latest techniques, trends, and advances in the field, offering attendees a comprehensive and up-to-date insight

into this constantly evolving discipline.

"It is an honor to have had the opportunity to share my experience and knowledge at this prestigious event," stated Dr. Tandioy. "Wrist arthroscopy has the potential to transform the way we approach certain orthopedic conditions, and it is crucial to continue promoting its adoption and development in our country."

Dr. Tandioy's conference was received with great enthusiasm and interest by attendees, who

praised his clear approach, passion for the topic, and ability to communicate complex concepts in an accessible and understandable manner.

The 69th National Congress of SCCOT was a resounding success, and Dr. Fabio Tandioy's contribution stood out as one of the most relevant points of the event. His dedication and experience are a testament to Colombia's commitment to excellence in the field of orthopedic surgery and the constant pursuit of improvement in the healthcare of its citizens.

Dr. Fabio Tandioy is expected to participate in one of the most important global summits in the United States in the coming months on advances in hand and wrist arthroscopy techniques.
