

RC Solar & Roofing Rebrands And Launches New Website

Trusted by home and business owner throughout San Diego County & Beyond

SAN MARCOS, CA, UNITED STATES, May 14, 2024 /EINPresswire.com/ -- RC Solar & Roofing has rebranded and launched a new website that helps customers in San Diego County and beyond provides information about roofing and benefits of going solar. The site also features a free estimate tool designed to allow customers to quickly determine how solar can help them save money on energy and how going solar will help environmentally. It can calculate the approximate cost of going solar based on their location, utility, average electricity bill, and a few other factors, and revealing their estimated savings over time.

RC Solar & Roofing Logo

RC Solar & Roofing is committed to providing solutions to homeowners and businesses to solve the current and upcoming energy problems. As homeowners transition to a greener lifestyle, partnering with a local, reliable, and reputable solar company is crucial. That's where RC Solar & Roofing shines! Their goal is to play a large role in the acceleration and mass adoption of solar locally and nationwide, decentralizing how we all get our energy. They are dedicated to making an impact in their community, empowering residents, and businesses to [harness the power of solar energy and lowering energy costs](#). Their team of experts possesses [extensive knowledge and experience in roofing with solar](#), ensuring that the unique needs of customers are met with precision and care.

Offering a variety of high-quality solar panels, batteries, EV chargers and green technologies, RC solar & Roofing helps create environmentally smart homes. RC Solar & Roofing also provides service and maintenance to solar customers, whether they installed the system or not. They can

review energy bills, monitor the solar production, do inspections, panel cleaning, removal & reinstall, as well as repairs.

“We are excited to present ourselves with a new look while we help San Diego County residents who need a new roof and/or solar join the movement towards a more sustainable future,” stated Justin Lonson, principal of RC Solar & Roofing.

“As a locally owned company with experience in real estate, we also want to [help realtors and buyers understand the value that solar imparts](#) on a home,” stated Tracey Lonson, principal of RC Solar & Roofing. “We can help with the valuation as well as adding solar, batteries and other technologies.”

RC Solar & Roofing offers some of the best-in-class panels and solar solutions as well as premium roofing products. To learn more, go to rcsolarandroofing.com
