Trump in 'American Comedy' with veteran actor Dan Lauria (The Wonder Years & Pitch) as the Pope, was hard work. Eric Roberts as the mob boss is unique. Creator/ Producer Alex Ayzin and Writer/Producer Spencer Cadigan have created a cinematic satire of the Donald political life.

With no fear or hesitation, Trump finds himself learning on the job as he plods along his collision course with other political leaders creating one debacle after another. Politics becomes comedy as each character offers their own set of idiosyncratic circumstances.

Film is centered on Donald's visit to Los Angeles where he comes to improve his standing with California voters.

The plot has Donald visiting Mexican taco stands, Russian, Chinese and Persian restaurants to sample ethnic foods in order to connect with local communities and improve his image.

At the restaurants he also meets with world leaders.

Donald's wife Melania (portrayed by Marianna Trofimova) gives him a hard time and slaps him for being overweight.
