

# HMP Global launches Foot & Ankle Surgery Institute, delivering comprehensive, interdisciplinary learning

*Resource is dedicated to educating and informing podiatric and orthopedic surgeons on clinical and foundational topics, and practical issues impacting patients.*

MALVERN, PENNSYLVANIA, UNITED STATES, May 15, 2024

/EINPresswire.com/ -- HMP Global's new Foot & Ankle Surgery Institute delivers a one-stop resource for all podiatric and orthopedic foot and ankle surgeons, providing comprehensive interdisciplinary education on issues relevant to clinicians.

The Foot & Ankle Surgery Institute content features a mix of expert insights from clinicians in the field and innovation updates from industry partners.

Announced today, the highly anticipated Foot & Ankle Surgery Institute is tailored to meet the educational needs of all foot and ankle surgeons, with resources on interdisciplinary clinical and foundational topics, as well as practical issues, to improve the quality of patient outcomes across the spectrum of care.

The Foot & Ankle Surgery Institute content features a mix of expert insights from clinicians in the field and innovation updates from industry partners. Content highlights include demonstration and procedural videos; insights from national thought leaders; summaries of emerging research studies; sports medicine and trauma learning libraries; and later this year, editorial coverage of the American College of Foot and Ankle Surgeons Annual Scientific Conference and the American Orthopedic Foot and Ankle Society Annual Conference.

"Given the significant number of foot and ankle surgeries performed annually, there is an increasing need for ongoing, multidisciplinary education for the dedicated clinicians who provide these services," said David DePinho, President, HMP Global. "Through the Foot & Ankle Surgery Institute, there is now a unified hub for foot and ankle surgeons of all specialties to find the resources they need for ongoing education and professional development."
