"We, the African American decedents of chattel slavery and Jim Crow are issuing national boycotts against all businesses that profited from our enslavement and discrimination. We are demanding the reparations and stolen wages that are rightfully ours, which was guaranteed to

us by Special Field Orders No.15.

We are asking all Black Americans to pull your money out of these institutions, effective immediately! We will no longer be financing the very businesses that made it their business to oppress us. From this day forward, we will strip them from the Black dollar to such a degree that reparations become the viable solution." - Rashaad Singleton - [National Reparations League](#)
