SEOUL, SEOUL, SOUTH KOREA, May 17, 2024 /EINPresswire.com/ -- Delabs Games is thrilled to announce the launch of "Ladybug's Journey Part 2: Race for Riches," a special Play-to-Airdrop event in Rumble Racing Star where participants race to win incredible prizes. event description

From May 16th to July 16th, players can participate in the "Race for Riches" event, offering bountiful rewards. The \$100,000 USDC prize pool will be distributed among the top 100 players on the leaderboard, and \$GAME airdrops will be awarded to the top 80% of players based on their leaderboard percentile.

There are many ways to earn BTC points. First, participate in various race modes in Rumble Racing Star; finishing in the top three provides a 50% bonus, and finishing first gives an additional 50% bonus, totaling a 100% bonus, though each race mode has a daily limit for earning BTC points, players can continue racing beyond this limit without earning additional points.

Second, equip different items to receive bonus BTC points; higher-grade items yield more points and can be acquired through in-game activities, Gacha boxes, or by holding a Platinum or Golden pass.

Finally, special items provide percentage boosts to BTC points earned; combining Mileage levels, various passes, or tickets can significantly increase points, with a combination of the Platinum Pass, Golden Pass, Delabs Adventure Pass, and Mileage Level 1 resulting in a total boost of 81%.

This update introduces Unicorn Lee, the latest master-level driver, embodying the captivating essence of a mythical unicorn. Upon activating their special skill, Lee summons a majestic horse to ride, granting enhanced top speed and acceleration. Furthermore, this skill possesses the ability to immobilize all adversaries ahead, bringing them to a sudden halt.

The update also features three new legendary-tier lawnmower karts: Unicoupe, WILDJEEP, and I.Q.O. Unicoupe complements Unicorn Lee with its winged racehorse design. WILDJEEP is ideal for rough terrains, while I.Q.O (Identified Quirkies Object) takes on the mysterious form of a round spaceship.

From May 16th to July 16th, players can participate in the "Race for Riches" event, offering bountiful rewards. The event boasts a total prize pool of \$100,000 USDC. The top 100 leaderboard players, who accumulate the most Buggy Track Checker (BTC) points, will receive rewards based on their ranking.

Rumble Racing Star is a multiplayer racing game where players compete using lawnmowers against opponents worldwide. The mobile version offers an optimized user interface and dynamic tracks and karts, providing a unique and entertaining experience.
