

Factory Sachi is Proud to Announce Their Latest Children's Book, "A Story About a Father & Son"

A book about how a parent and child can experience the same moments, interpret them differently, and still develop a deep bond of love and understanding.

TORONTO, ONTARIO, CANADA, May 17, 2024 /EINPresswire.com/ -- Factory Sachi proudly announces the release of "A Story About a Father & Son".

This innovative children's story allows readers to experience the milestones of growing up from two different perspectives, those of father and son. One story explores a father's journey—the apprehension of holding a newborn, the excitement as his son takes his first steps, and the bittersweet pride of watching him become self-sufficient. Then the reader can see the same moments from the son's point of view—the comfort of a father's embrace, the unwavering trust, and the challenges of seeking understanding and independence.

"This book is designed to show that there are always two sides to every story," says Brendyn Zachary, one half of the creative team behind this unique offering. Illustrator Sachiko Otohata adds, "Even though a father and son can interpret a moment so differently, love is always there."

Highlights include:
