President and CEO of The  
DCRO Institute*

Ricardo is a senior director for enterprise risk management for the UAE-based global technology group e& (formerly Etisalat Group) with over 170 million customers across 16 countries. His prior work includes a number of roles within strategic risk management and audit roles with ADNOC Group, GlaxoSmithKline plc, BT, Vodafone, and others, in Europe and the Middle East. Ricardo earned his BS in business management from the Lisbon School of Economics & Management (ISEG) in Portugal, holds the Certification in Risk Management Assurance (CRMA) and is a Certified Internal Auditor (CIA) from the Institute of Internal Auditors.

"We welcome Ricardo into our alumni group with his garnering of the Certificate in Risk Governance®," said David R. Koenig, QRD®, President and Chief Executive Officer of the DCRO Institute. "Integrating his strategy, audit, and risk experiences into work with the board and senior leadership is no doubt valuable and is strengthened by this new knowledge."

The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, C-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else.

“The Certificate in Risk Governance® program is a well-structured, all-encompassing curriculum that covers the full spectrum of the risk management agenda for Boards and Directors,” said Mr. Dias. “It is very useful to understand how to conduct best the role of a director and its responsibilities, as well as to better equip risk professionals to support boards in fulfilling that role,” he continued.

The fundamental Duty of Care for directors around risk is to ensure that our organizations take risks well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty.
