

SG Analytics, Open Orbit Forge Strategic Partnership for Serving Australian Market

SG Analytics partners with Open Orbit to enhance digital transformation globally, offering integrated data-driven and process optimization solutions.

NEW YORK, NY, UNITED STATES OF AMERICA, May 22, 2024 /EINPresswire.com/ -- SG Analytics

SG Analytics partners with Open Orbit to expand market and deliver better service to clients. This partnership allows them to provide unmatched business solutions." Sidhartha Shishoo - COO, SG Analytics (SGA), a leading global data solutions firm, forges a strategic partnership with Open Orbit, a pioneering Australian technology firm, to accelerate digital transformation outcomes for the Australian market. The joint force is set to empower organizations worldwide to achieve significant business outcomes and unleash growth.

SGA's expertise in data-driven solutions across the entire data value chain, combined with Open Orbit's innovative approach to process optimization, will unlock a new level of effectiveness for clients. Open Orbit's solutions

empower businesses to define customer-centric processes, identify hidden opportunities, and unlock unparalleled value.

SGA's COO, Siddhartha Shishoo, said, "At SG Analytics, we are laser-focused on exceeding client expectations and delivering unparalleled service. This opens an entirely new market cum geography for us. This strategic partnership strengthens our commitment to these core values. By leveraging Open Orbit's capabilities, we can provide unmatched solutions that drive real business impact."

Highlighting the partnership, Open Orbit's Founder, Niranjan Deodhar, said, "We are delighted to announce this partnership, which complements our core offering of process design and analysis with SGA's industry-leading capabilities in delivering automation solutions. Our clients can now access a single integrated solution that includes design, analysis, optimization, and implementation of automated processes."

Expanding Reach to Deliver Unmatched Value

This partnership marks a significant expansion for SGA, solidifying its global footprint with a strong presence in the Australian region. The initial focus will be business process automation,

utilizing cutting-edge Robotic Process Automation (RPA) and Intelligent Automation solutions.
