“

This contribution will go a long way in assisting the charity's noble endeavors,”

Lee-Ann Prickett

This event held special meaning for Staff and Directors as it supported [One Foot Up](https://www.onefootup.ca), a newly established Guelph charity with a deeply personal connection to this organization. One Foot Up was founded by Susan Smith and Brenda Bailey, the mother of Experior Financial Group's Co-Founder and President, and who both recently

retired from their long and impactful careers with Experior. Their dedication to the community inspired the company, and it is honoured to support their mission.

One Foot Up plays a vital role in our community by providing essential items such as cribs, mattresses, strollers, formula, diapers, clothing, and more to single mothers, their children, and other families in need. The charity's efforts ensure these families receive the support they need to thrive.

The garage sale and bake sale raised an impressive \$421 through the generosity of staff and volunteers. Their donated items and delectable baked goods drew enthusiastic support from the community. "We are delighted to announce that Experior Financial Group will match the funds raised, bringing our total donation to One Foot Up to \$842. This contribution will go a long way in assisting the charity's noble endeavours," said President Lee-Ann Prickett.

Exterior Financial Group is immensely proud of the team's spirit of giving and community involvement. Exterior believes in the power of coming together to make a positive difference, and this event is a testament to that belief. Supporting One Foot Up aligns with its commitment to enhancing the well-being of families in Guelph, and it's excited to continue supporting such valuable initiatives in the future.

Thank you once again to everyone who participated and supported this wonderful cause. It is making a meaningful impact in the Guelph community.
