

## KCCA and GB Ventures Accelerate Blockchain Innovation Through the MOU

SINGAPORE, SINGAPORE, May 22, 2024 /EINPresswire.com/ -- <u>Korea Creata</u> <u>Chain Association (KCCA)</u>, the Korean foundation of <u>CreataChain</u>, has officially announced a significant business partnership by signing a Memorandum of Understanding (MOU) with <u>GB Ventures</u>. This partnership aims to accelerate digital financial innovation and further revitalize the blockchain ecosystem.

## CreataChain's unique cross-chain

interoperability technology enhances interoperability between blockchain networks, contributing to digital financial innovation. This technology allows various blockchain networks to interact and share data seamlessly, creating a more transparent and trustworthy financial environment.

GB Ventures, a dedicated investment firm, plays a pivotal role in supporting and investing in startups that embody innovative values. With a robust network of entrepreneurs, investors, and industry experts, GB Ventures is a catalyst for startup growth and success. Their mission is to identify and nurture companies with innovative and sustainable business models.

Through this partnership, KCCA and GB Ventures expect to generate significant synergies across various projects by supporting innovative companies based on blockchain and Web 3.0 technologies.

The Chairman of KCCA stated, "KCCA and GB Ventures are united in their goal to further activate the blockchain ecosystem and create new business opportunities on Creata Chain. This partnership is a gateway for startups, offering them expanded growth opportunities and making a significant impact on the advancement of blockchain technology."

This partnership is expected to accelerate digital financial innovation and inject new vitality into the blockchain ecosystem, maximizing the potential of blockchain technology.
