

Shock Absorber Market to Reach \$21.07 Billion by 2030 with 4.7% CAGR Growth

By vehicle type, the commercial vehicle segment is projected to lead the global shock absorber market

WILMINGTON, NEW CASTLE, DELAWARE, UNITED STATES, May 22, 2024 /EINPresswire.com/ -- Prominent factors that drive growth of the [Automotive Shock Absorber Market](#) include increase in demand for safety and comfort from customers and rise in demand for lightweight suspension. Countries such as China, India, and Brazil are growing economies. Thus, the vehicle manufacturing and automotive component manufacturing sector is witnessing prominent growth in these countries, which is expected to provide lucrative opportunities for growth of the shock absorber market in the region.

“

Surge in need for safety and comfort, increase in need for lightweight automotive shock absorbers, and expansion of the automotive aftermarket industry drive the global shock absorber market.
