According to sex toys market analysis, the sex toys market segmented into product type, end user, distribution channel, and region. On the basis of product type, the sex toys market report is categorized into vibrators, dildos, rings, and others. By end user, it is segregated into women and men. According to distribution channel, it is divided into supermarket & hypermarket, specialty store, drug store, and online stores. The market is analyzed across North America, Europe, Asia-Pacific, and LAMEA.

The vibrators segment dominated the global market with around 38.1% share of the overall revenue in 2020. The rings segment is expected to witness significant growth during the forecast period. This is attributed to the growth in awareness regarding sexually transmitted infections (STIs), unwanted pregnancies, and increase in adoption of female vibrators devices especially in developed countries such as the U.S., Japan, and Germany.

On the basis of end user, the women segment was the highest contributor to the market, with \$24,449.2 million in 2020, and is estimated to reach \$29,133.0 million by 2030, at a CAGR of 3.9% during the forecast period. Men segment gained significant popularity in the last few years. In addition, growth in number of viewers for sex movies and pornography is likely to create sex fantasies among men, which further motivates them to use sex toys and condoms to enhance their sexual life, thus, all these attributes are surging the sex toys market demand.

On the basis of distribution channel, the online stores segment was the highest contributor to the market, with \$11,543.1 million in 2020, at a CAGR of 4.4% during the forecast period. This is majorly attributed to the growth in internet users to buy various sexual wellness product including sex toys, female contraceptives, and male condoms, which is anticipated to favor the growth of the sex toys market through the online stores segment.

On the basis of region, North America was the prominent market in 2020, accounting for the maximum share in the global sex toys market. This was attributed to the presence of international brands in the region, which offer products with high improvisations such as condoms with extra applied lubricants, attracting a large consumer base. In addition, growth in the acceptance of the LGBT community rights and legalization of same sex marriages in the region are expected to promote the growth of sex toys market during the forecast period. Furthermore, personal hygiene is also expected to boost the market growth.
