

Refrigerated Trailer Market to Reach \$7.66 Billion by 2022, Growing at 4.8% CAGR

Refrigerated Trailer Market Size, Share, Competitive Landscape and Trend Analysis Report - Global Opportunity Analysis and Industry Forecast, 2014-2022

PORTLAND, PROVINCE: OREGAON, UNITED STATES, May 23, 2024 /EINPresswire.com/ -- [Refrigerated Trailer Market](#) Report, published by Allied Market Research, states that the global refrigerated trailer market was valued at 5,588 million in 2015, and is expected to reach \$7,658 million by 2022, growing at a CAGR of 4.8% from 2016 to 2022. In 2015, North America

dominated the market and contributed more than 41% of the overall market revenue, followed by Europe. Presence of key market players in the U.S. and Europe, rapid industrialization, primarily in manufacturing sectors, and increase in demand for high-quality preserved food have fueled the growth of refrigerated trailer market. However, high trucking cost is the major restraint of the market.

Chilled food is major product type of refrigerated trailer, accounting for nearly 62% of the total product type of the refrigerated trailer in 2015, followed by frozen food. Frozen food type segment is expected to dominate the market in the future, which is an important product type and has an impact on numerous parameters of the refrigerated trailer.

North America is expected to dominate the global [refrigerated trailer market share](#) during the analysis period, owing to the increase in demand for packaged food products in the U.S. and Canada. [Refrigerated trailers](#) are extensively used in the food sector in North America and Europe. However, Asia-Pacific and LAMEA regions are expected to grow rapidly, owing to the increasing adoption of these trailers in frozen food, chilled food, and cold chain space.

According to Sheetanshu Upadhyay, Research Analyst, Automotive & Transportation Research at Allied Market Research, Refrigerated trailers are innovative and reliable containers that are expected to witness notable growth in the coming years. This is due to their competitive advantages such as ideal temperature and humidity level compared to other batteries. Increasing applications of refrigerated trailers in the frozen & chilled food industry (meat & seafood) is expected to boost in the future.

Refrigerated trailer market purchase options - <https://www.alliedmarketresearch.com/refrigerated-trailer-market/purchase-options>

The global refrigerated trailer market by end user is divided into dairy, fruits & vegetables, meat & seafood, and others (medical products, confectionary, and bakery). Currently, meat & seafood generated highest revenue for this market, owing to high adoption in cold chain space and frozen food products. However, fruits & vegetables is expected to be the most lucrative consumers, due to rise in demand for fresh frozen and chilled food in China, U.S., and India.
