The Certified Pool & Spa Operator® (CPO®) certification program is the world's leading education and certification program for keeping pools safer and keeping them open. Over 700,000 students have been trained since 1973.

CPO certification provides individuals with the knowledge, techniques, and skills required for proper pool operations and is also eligible for IACET Continuing Education Units (CEUs).

The new CPO classes were started in response to numerous requests by "our customers to fill a need for both a local presence for these in-person classes as well as a Spanish version of the class," stated Rob Estell, President of The Exam Pros. "Our classroom facilities can host numerous events throughout the year and we plan on offering a more frequent version along with virtual classes as well." Prospective students can go online to register for the regular CPO classes here with a separate registration for Spanish CPO classes or call their main number at 954-908-7010.
