

US Navy Veterans Mesothelioma Advocate Is Appealing to the Family of a Navy Veteran with Mesothelioma in Any State to Call About Compensation-Especially if the Veteran Had Shipyard Asbestos Exposure

WASHINGTON, DC , USA, May 30, 2024

/EINPresswire.com/ -- The US Navy Veterans Mesothelioma Advocate says, "If you are a Navy Veteran who has just been diagnosed with mesothelioma anywhere in the USA or their family, please make financial compensation a top priority and call us anytime at 866-714-6466 especially if the Veteran had asbestos exposure at a shipyard. Financial compensation for a Navy Veteran with mesothelioma might be in the millions of dollars depending on the specifics of how they were exposed to asbestos as we are always more than happy to discuss. We are advocates for Navy Veterans who have mesothelioma-and we make certain people like this have direct access to the nation's most capable attorneys.

"Navy Veterans who served on submarines and or ships may have had different skill sets, however, these types of vessels still needed mechanics, electricians, welders, plumbers, machinists, and repair people to keep everything working. Most Navy Veterans who had mesothelioma almost always had a shipyard in common. In many to most cases Navy Veterans were required to stay onboard their ship for repairs or overhauls at a shipyard. Especially if they were a skilled trades worker or an NCO or officer.

"If your husband or dad has mesothelioma and he is a Navy Veteran please think national when hiring a law firm and call us at 866-714-6466 for some very good suggestions about attorneys."

* "Do you recall the names of shipmates-coworkers who might have witnessed your exposure to asbestos?

* "Did you have more than one job in the navy-armed forces where you might have been exposed to asbestos?

* "Do your medical records include a biopsy that confirms the mesothelioma or asbestos exposure lung cancer?"

* "Has your loved one's doctor told you that mesothelioma is a distinct possibility-but because they are so sick-weak-a biopsy to confirm the mesothelioma is not possible? If this is your loved one, please call us at 866-714-6466."
