## Expertise Driving Innovation

Sean Emery and Stephen Pratt bring unparalleled expertise and vision to this venture. Sean Emery, co-founder of XCAP Network, has been instrumental in developing blockchain-based financial solutions that are both robust and scalable. Stephen Pratt, founder and owner of CAEP, further underscores his capability to drive this ambitious project to success with his extensive experience in financial services.

“By harnessing the power of the XCAP network, we aim to create a secure and efficient ecosystem for the distribution of next-level flexible treasury management products. This partnership underscores our shared commitment to driving innovation and delivering value to our customers in an ever-evolving financial landscape building the next generation of Digital Institutional Banking solutions” says Alex Michael, Chief Business Development Officer at Delos Banking.

## Empowering Customers with New Financial Tools

The introduction of tokenized bank deposits and yield products will empower Delos customers
