The Trained individuals from the country would help to bring efficiency and productivity in the international sea trades, import and export with modern technology, knowledge and skills. Despite being a landlocked country, Eswatini is aspiring to gain more global exposure with this prolific Maritime Sector that does not only empower the nations but also the neighboring countries with their seaports. The nation has the power, knowledge, and workforce to bring improvements in the Maritime sector which can contribute to enhancing international Imports and exports. Eswatini Maritime Academy or EMA abides by international maritime laws to ensure safety, security, and complete support from other countries. It also follows environmental protection as the sea needs to be preserved which is a responsibility of every country in the world.

Being landlocked cannot be an obstacle as Eswatini's involvement in global maritime discussions and initiatives to enhance maritime security and environmental health could be inspiring the whole world. The academy comes with a vision to empower everyone while adding more opportunities in the market of international sea trading. It offers a variety of courses and training programs that can help to get the best and most efficient seafarers in the world. Their efficiency, knowledge, and skillset are paramount and adequate for the field. Their initiatives, regulatory framework, and operational oversight can help facilitate international sea trading with ease, efficiency, and convenience.

The Training Programs offered by Eswatini Maritime Academy are compiled by the rules and regulations of International Maritime regulatory bodies. The academy's dedication to practical skills and theoretical knowledge, preparing students for global maritime careers can help

individuals become experts in the sea through various job roles. EMA provides comprehensive maritime education and training which is comprised of all the tools and practices that a maritime professional needs. Eswatini Maritime Academy offers Pre Sea-Training & Marine Officers Courses that follow the Provisions of the STCW 2010 (Standards of Training, Certification & Watchkeeping 2010) convention of IMO & Approved by [Eswatini Maritime Affairs & Development](#). Following International Standards, the maritime experts of the academy can participate in the global maritime sector for any country. They will be highly skilled and have the practical and theoretical knowledge to handle all types of contingencies with skills and presence of mind.

Eswatini Maritime Academy Aims to bring a positive change in the field of International Maritime with its exclusive course and Training Programs. The academy would also enhance Eswatini's economic and professional landscapes. Students from all regions of the country and the world may take part in the academy to empower their nation to be a part of the Global Adventure. Visit <https://eswatinimaritime.com/> to know more.
