

New Paradigm Institute: Urge Congress to Pass the Unidentified Anomalous Phenomena Disclosure Act in 2025

A bipartisan Unidentified Anomalous Phenomena Disclosure Act must be included as an amendment to the FY 2025 National Defense Authorization Act.

WASHINGTON, DC, UNITED STATES,

May 28, 2024 /EINPresswire.com/ -- The New Paradigm Institute (NPI) today launched a campaign urging Congress to include the Unidentified Anomalous Phenomena Disclosure Act (UAPDA) as an amendment to the Fiscal Year 2025 National Defense Authorization Act (NDAA).

Our representatives need to know that their constituents demand an open and transparent government."

Daniel Sheehan

Last summer, a bipartisan group of lawmakers [introduced the UAPDA](#), an amendment to the FY 2024 NDAA. The amendment was sponsored by Senate Majority Leader Chuck Schumer (D-NY), Senator Mike Rounds (R-SD), Senator Marco Rubio (R-FL), Senator Kirsten Gillibrand (D-NY), Senator Todd Young (R-IN), and Senator Martin Heinrich (D-NM).

The UAPDA aimed to establish a UAP Records Collection protocol within the National Archives, with a presumption of immediate disclosure of UAP-related materials, and create a nine-person independent UAP Records Review Board. This board would have been responsible for presenting a controlled disclosure campaign plan to the President designed to ensure the release of as much information about UAPs as possible without compromising national security. Unfortunately, these two above-described [provisions were removed](#) from the final NDAA.

The New Paradigm Institute and its allies would like 2025 to produce better results. "As discussions about the FY 2025 National Defense Authorization Act begin, it's critical to urge Congress to reinstate and pass the UAPDA, including the essential elements of a UAP Records Review Board and a controlled disclosure plan," said Daniel Sheehan, President of the New Paradigm Institute. "Transparency is vital to our democracy."

NPI has released a new [advertisement](#) on social media, encouraging the public to email their

federal representatives to support the inclusion of the UAPDA in the FY 2025 NDAA.

“Our representatives need to know that their constituents demand an open and transparent government,” Sheehan continued. “This paid social media campaign will reach a wider audience and increase pressure on Congress. We will not stop until we achieve responsible disclosure. The time for truth about UFOs is now.”
