

Geotab® Introduces All in One Video Telematics Plan with Zero Upfront Cost

Geotab installment plan allows any company to incorporate advanced safety and risk video telematics into their fleet.

PORT OF SPAIN, TRINIDAD AND TOBAGO, May 28, 2024

/EINPresswire.com/ -- Today, [Geotab Inc.](https://www.geotab.com) ("Geotab"), a global leader in connected transportation solutions, unveiled its new Video Telematics Plan with Zero Upfront Cost, enabling companies of any size in Latin America to access AI-enabled video telematics at no up-front cost through its authorized distributors in the national territory.

Two leaders, one powerful video telematics solution

Geotab has enhanced its solution with innovative technology from Lytx® Inc., a leading supplier of fleet camera solutions to provide a tightly integrated driver safety and cargo security solution that delivers valuable video-based insights and advanced risk detection. The seamless integration of Geotab and Lytx Surfsight™ video cameras equips fleets with Artificial Intelligence (AI) and Machine Vision (MV) to manage their fleets from a single platform, MyGeotab®, bringing valuable visual context to better understand what's happening in and around their fleet.

"Fleets in Latin America have told us risk management and driver exoneration, better driver and road safety, and security continue to be significant challenges to their organizations," said Sean Killen, Vice President of Latin America, Asia, and ANZ. "The hurdle has often been budget constraints, and I'm pleased that our new Video Telematics Plan with Zero Upfront cost removes this barrier to entry, enabling fleet managers to acquire advanced technology and data intelligence that is delivering better outcomes for fleets across the globe."

Key highlights of the Plan include:

- Zero upfront cost without any initial lump sum investment

- All-in-one video telematics solution seamlessly integrating Geotab's award-winning telematics platform with Lytx Surfsight cameras
- One integrated monthly payment and contract
- Speed to actionable insights are delivered within the first day of usage
- Fast installation can be completed in less than one hour
- Flexible rules engine including zones or groups can be set up within the Geotab platform to meet the dynamic needs of the customer
- Over-the-air software updates without the need to pull vehicles off the road
- Multiple training options including live or on-demand
- 36 month warranty on camera hardware with the option to renew
- Access to more than 1,000 video and telematics experts across Latin America for industry expertise and technical support

In 2023, ABI Research ranked Geotab as the [#1 leader in video telematics](#).

About Geotab

Geotab, the global leader in connected vehicle and asset solutions, leverages advanced data analytics and AI to enhance fleet performance, safety, and sustainability while optimizing costs. Backed by a team of industry leading data scientists, engineers and AI experts, we serve over 50,000 customers across 160 countries, processing billions of data points hourly from more than 4 million vehicles. Data security and privacy are at the forefront of all we do—trusted by Fortune 500 organizations and some of the largest public sector fleets in the world, we meet top cybersecurity standards. Geotab's open platform and diverse Geotab Marketplace offer hundreds of fleet-ready third-party solutions. Learn more at www.geotab.com and follow us on LinkedIn or visit Geotab News and Views.

About Lytx

Lytx is a global leader in video safety and video telematics. Our solutions harness the power of video to empower drivers and fleets to be safer and more efficient, productive, and profitable so they can thrive in today's competitive environment. Through the Lytx platform, direct and reseller clients access our customizable services and programs spanning driver safety, risk detection, fleet tracking, ELD compliance, preventative maintenance, and fuel management. Using the world's largest driving database of its kind, along with proprietary machine vision and artificial intelligence technology, we help protect and connect thousands of fleets and 3.4 million drivers worldwide. Lytx's Surfsight™ dash cam for resellers was built from the ground up as a premium product to help fleet managers with their operational challenges. For more information about Lytx, visit www.lytx.com, @lytx on X, LinkedIn, our Facebook page, or our YouTube channel.
