

United Search Corps Missing Persons Unit Announces the Recovery of William "Bill" Weber

Joint Efforts Lead to the Discovery of Missing Veteran and Vehicle in Mississippi River

EAST MOLINE, IL, USA, May 29, 2024 /EINPresswire.com/ -- In a solemn culmination to a month-long search, [United Search Corps Missing Persons Unit](#) & Chaos Divers in collaboration with multiple agencies, have located the remains of 92-year-old William "Bill" Weber and his 2012 Chevy Malibu submerged in the Mississippi River. Weber, a respected Purple Heart recipient and veteran of the Korean War, was reported missing from his East Moline home on March 30, 2024, after last being seen by family the previous evening.

Despite a challenging search, exacerbated by harsh conditions in the Mississippi River, the recovery operation was successful due to the united efforts of Chaos Divers, Cantrell's Towing, the East Moline Police and Fire Departments, Illinois State Police, and the Department of Natural Resources.

Bill left behind a legacy as a father, brother, grandfather, and community stalwart, embodying the virtues of service and sacrifice. As we report this loss, our thoughts are with the Weber family during this profoundly difficult time.

“

Relentlessness to do the impossible makes it possible.”

Doug Bishop
