

# Keeper Unveils Revamped Browser Extension to Improve Usability

*New features include a modernised design and simplified process of finding and creating records*

LONDON, UNITED KINGDOM, May 29, 2024

/EINPresswire.com/ -- [Keeper Security](#), the leading provider of zero-trust and zero-knowledge cybersecurity software protecting passwords, passkeys, privileged access, secrets and remote connections, today announces the rollout of an upgraded User Interface (UI) for its browser extension – now available

across all supported browsers. With a modernised design and simplified process of finding and creating records for users, the refreshed UI is a continuation of Keeper's ongoing UI enhancements throughout its entire line of solutions. The updated browser extension features a range of improvements tailored to meet the evolving needs of users, which were guided by [Voice of the Customer](#) (VoC) feedback.

“

We're excited to introduce these latest updates to our browser extension, aimed at providing our users with a more intuitive and efficient experience.”

*Craig Lurey, CTO and Co-founder, Keeper Security*

Key highlights of the revamped UI include:

**Effortless Record Management:** Records now appear directly on the extension homepage, allowing for quick access and a streamlined user experience.

**Enhanced Search Functionality:** Users can easily search and find records using improved search capabilities, including new sorting options and filters by type.

**Simplified Record Creation:** With one-click record creation

and "quick adding" functionality, users can effortlessly generate new records, accelerating the process.

**Improved Account Visibility:** A dropdown feature enables users with multiple accounts to seamlessly navigate between them, enhancing accessibility.

"We're excited to introduce these latest updates to our browser extension, aimed at providing our users with a more intuitive and efficient experience," said Craig Lurey, CTO and Co-founder, Keeper Security. "By listening closely to user feedback and leveraging innovative design, we've tailored our UI to meet the diverse needs of our growing user base and united all of our

products and features with a cohesive look and feel, accessibility and usability."

To experience [these enhancements](#) firsthand, users are encouraged to update their browser extension or visit the browser extension store for Chrome, Firefox, Safari, Edge or Brave to download the latest version.

###

#### About Keeper Security

Keeper Security is transforming cybersecurity for people and organisations around the world. Keeper's affordable and easy-to-use solutions are built on a foundation of zero-trust and zero-knowledge security to protect every user on every device. Our next-generation privileged access management solution deploys in minutes and seamlessly integrates with any tech stack to prevent breaches, reduce help desk costs and ensure compliance. Trusted by millions of individuals and thousands of organisations, Keeper is the leader for best-in-class password and passkey management, secrets management, privileged access, secure remote access and encrypted messaging.
