With over 300 projects completed, Ramos Masonry is your go-to for all your outdoor landscaping and construction this summer

avoid the busy late summer and early fall season, ensuring their chimneys are safe and ready for use when the colder months return.

"Spring is an excellent time to get chimneys inspected and cleaned," says Ramos. "By doing it early, homeowners can avoid the rush and ensure their chimney is in top condition before it's needed. Additionally, cleaning a chimney in the spring helps prevent birds and other animals from nesting in it during the summer."
