

# Park Seed Unveils 'Sow Effortless Collection™' Gardening Solutions

*New collection of Seed Mats, Tapes, Discs, and Kits Now Available*

GREENWOOD, SOUTH CAROLINA, UNITED STATES, May 30, 2024 /EINPresswire.com/ -- [Park Seed](#), a leader in home growing, announces the launch of its innovative new assortment, "Sow Effortless Collection™". This collection contains pre-sown biodegradable seed mats, tapes, discs, and grow kits designed to simplify seed growing.

The new Sow Effortless Collection™ includes products that make gardening easier, such as a rolled-out seed mat or strips of seed tape. Whether starting microgreens, creating a patio flower garden, or planting vegetables, this curated collection provides a hassle-free solution to gardeners of all skill levels.

"Our goal is to make planting and growing easy and effective," said Kelly Funk, president and CEO of Park Seed. "Sow Effortless Collection™ gives gardeners a reliable and efficient way to sow and grow flowers, herbs, and vegetables. Even the most novice gardeners can achieve outstanding results."

## Why Choose Sow Effortless Collection™

- **Pre-Spaced for Perfection:** The biodegradable tapes and discs come with non-GMO pre-sown seeds spaced at optimal intervals, ensuring plants have the room they need to thrive.
- **Water-Soluble Ease:** The water-soluble tapes dissolve quickly upon watering, embedding seeds directly into the soil without risking them washing away or clustering. Experience the satisfaction of seeing evenly spaced plants emerge in neat rows.

- **Biodegradable Innovation:** Committed to sustainability, the seed starting aids are biodegradable, turning into nourishment for growing plants. This eco-friendly approach supports the health of the garden and the planet.
- **Simplicity Meets Variety:** Seed solutions that include everything needed to grow a diverse garden, from the tiniest seeds to a mix of microgreens. Handy discs and roll-out mats make starting a microgreen garden, patio flower pots, or vegetable bed easier than ever without worrying about spacing or sowing techniques.
- **Time-Saving Gardening:** Maximize gardening efficiency with seed mats that save time and effort. For busy gardeners or those with limited mobility, the products are the epitome of "Sow Effortless," allowing more time to enjoy the beauty of the garden.

Sow Effortless Collection™

The products are designed with simplicity and sustainability, offering gardeners straightforward solutions that minimize environmental impact with all biodegradable materials.

“

Sow Effortless Collection™ gives gardeners a reliable and efficient way to sow and grow flowers, herbs, and vegetables. Even the most novice gardeners can achieve outstanding results.”

*Kelly Funk*

“With our commitment to sustainability, convenience, and innovation, we're empowering gardeners to grow smarter, not harder,” said Funk. “We are excited to offer innovative products that support both the ease of gardening and the health of the environment.”

Tailored for gardeners looking to take a fresh approach, these products redefine simplicity in gardening. Let's grow something good - available now. For more information
