1. External Factor Analysis

An external analysis looks at the wider business environment that affects the business. This industry

assessment covers all the factors that are outside the control. It includes both the micro and macro environmental factors.

MACRO ENVIRONMENT: In-depth coverage of Factors such as governmental laws, social construct and cultural norms, environmental conditions, economics, and technology.

MICRO ENVIRONMENT: Factors highlighting the rivalry of the competition.

2. Growth & Margins

Players that are having a stellar growth track record are a must-see view in the study that Analysts have covered. From 2019 to 2023, some of the companies have shown enormous sales figures, with net income going to double in that period with operating as well as gross margins constantly expanding. The rise of gross margins over the past few years directs strong pricing power of the competitive companies in the industry for its products or offers, over and above the increase in the cost of goods sold.
