DETROIT , MICHIGAN , USA, June 5, 2024 /EINPresswire.com/ -- The Michigan Mesothelioma Victims Center says, "If you have recently been diagnosed with mesothelioma and or asbestos exposure lung cancer and you never had on the job exposure to asbestos, please call the amazing legal team at the Detroit based law firm of Zamler Shiffman & Karfis anytime at 866-714-6466. The first questions they will ask will be did a loved one ever work at a factory, mill, power plant, as a construction worker or a skilled trades person such as a plumber. If you had routine exposure to asbestos via the work clothing of a loved one you might develop these types of cancers.

"We call this type of exposure to asbestos-secondhand exposure, and it is a problem in Michigan and nationwide. One of the problems is the people who had secondhand exposure to asbestos may have forgot how often they were washing their loved one's clothing that might have been loaded with asbestos. Frequently we get calls from a son, or daughter whose mom now has mesothelioma or lung cancer, and they can't figure out why-or how. The first question we ask-

them is---what type of work did your dad do-and did your mom wash his clothing?

"If your mom, brother or sister now has mesothelioma or asbestos exposure lung cancer anywhere in Michigan and you can't figure out why please call the Detroit based legal team at Zamler Shiffman & Karfis at 866-714-6466. The law firm of Zamler Shiffman & Karfis have been assisting people like this for 45 years and they get results."
