B2i Digital Sponsors and Provides Marketing Support for Maxim Group's Virtual Conference: "Charting the Course: Navigating the Intersection of TMT and Business in the AI Era"

The event, hosted on Maxim Group's M-Vest platform, will feature discussions with over 40 companies in the technology, media, and telecom (TMT) sector. It will explore how emerging growth companies are leveraging new technologies like artificial intelligence (AI) to position themselves for the future.

“

We look forward to supporting Maxim Group's conference on the intersection of TMT and business in the AI era. Our digital profiles will help facilitate engaging discussions during the event.”

David Shapiro, CEO of B2i Digital

As part of this collaboration, B2i Digital will create digital profiles at <https://b2idigital.com/maxim-group-2024-tmt-companies-charting-course-ai-era> for select participating companies presenting at the conference. These profiles will highlight the companies' innovations and growth strategies in the evolving TMT landscape, allowing investors to learn more about each company before the event.

"We look forward to supporting Maxim Group's conference on the intersection of TMT and business in the AI era," said David Shapiro, CEO of B2i Digital. "Our digital profiles will provide valuable insights on the participating companies and help facilitate engaging discussions during

the event."

The virtual conference, led by Maxim Group Senior Analysts, will delve into thought-provoking topics such as how emerging growth companies leverage AI across industries like drones, IoT, gaming, and more. Attendees can sign up for free membership on Maxim Group's M-Vest platform and register at <https://m-vest.com/events/tmt-06042024> to access the live discussions and request 1-on-1 meetings with presenting companies.

B2i Digital leverages digital marketing technologies to connect investors with innovative companies. This event aligns with B2i's mission to foster productive conversations between companies and interested investors.
