

# After the Storm Recovery Center Introduces The 4C Framework™ for Recovery Treatment

*The framework encapsulates their intensive therapeutic program and supports their 3-Pronged approach to treatment.*

TODOS SANTOS, BAJA CALIFORNIA SUR, MEXICO, May 31, 2024 /EINPresswire.com/ -- After the Storm is a [residential drug rehabilitation program](#) that offers a private, personalized, and intimate recovery experience in a tranquil and beautiful coastal center in Baja California Sur.

Co-founders Bill Arbuckle and Morgan Davies recently announced their 4C Framework™, which encapsulates their intensive therapeutic program and supports their 3-Pronged approach to treatment:

- 1) Addressing surface-level usage behaviors
- 2) Investigating underlying causes and trauma through intensive therapeutic programming
- 3) Practical application planning to sustain learning and new behaviors through transition planning and aftercare

"The framework 'meets people where they are' on their recovery journey, creating a safe space and supporting clients to understand themselves as they are, so they can choose how they want to change," says Clinical Director Bill Arbuckle, who holds a Master's Degree in Counseling Psychology from Adler University and is also a Registered Clinical Counsellor (RCC) from British Columbia, Canada.

Morgan Davies, Chief Operations Officer, adds, "This practical and inclusive system compliments whatever approaches and tools may resonate with a client."

The 4 C's are:

Compassion: An antidote to shame, blame, and judgment.

Community: An antidote to feeling alone and not good enough.

Connection: An antidote to feeling lost and misunderstood.

Consistency: An antidote to neglect and chaos.

To read more about The 4C Framework™, you can visit the After the Storm [“About Our Program” page](#) or look through a [digital brochure here](#).
