The book is uniquely structured to provide a comprehensive look at fatherhood from different perspectives. The first half is presented in chapters, each dedicated to one dad's journey. These chapters dive deeply into personal stories, exploring the nuances and complexities of fatherhood. Readers will find themselves immersed in the ups and downs, the turmoil, and the victories that define each dad's path.

The second half of the book shifts to an interview style, offering a more conversational and intimate look into the lives of these fathers. Through candid interviews, readers gain insight into the daily challenges and joys of fatherhood, as well as the lessons learned along the way. This format allows for a diverse range of voices and experiences, making the book a rich tapestry of fatherly wisdom and reflection.
