“

My roots in the city run deep, and I was at Wembley to cheer on the Saints last month. I am deeply troubled by the direction that this country is going in.”

An experienced campaigner, Alex has previously contested local elections for Reform UK in Eastleigh. As an expert on financial markets, he is a regular contributor to a wide range of publications and participates in industry panels.

"I am honoured to be asked to stand in Southampton Itchen for Reform UK," said Alex Culley. "My roots in the city run deep, and I was at Wembley to cheer on the Saints last month. I am deeply troubled by the direction that this country is going in. Only Reform UK offers the vision to

rescue this country from the certain decline offered by the CONLAB cartel.

As a father, I am particularly anxious that we: (1) get migration under control to ease the housing

crisis; (2) cut the debt pile by growing the economy instead of taxing aspiration; and (3) improve social cohesion by keeping divisive ideologies and attacks on British traditions out of the classroom. Implementing Reform UK's Contract will help ensure our children have a future to look forward to in this country."

Reform UK is confident that Alex Culley's dedication, expertise, and deep commitment to the community will resonate with voters in Southampton Itchen. His candidacy represents a significant step towards addressing the key challenges facing the constituency and the country.
