Modi on a Mission

Award-Winning Indian-American Filmmaker and Director Mukesh Modi's release of "The Elevator," starring Oscar-nominated Eric Roberts and Eugenia Kuzmina debuted in theatres on streaming platforms with a successful release, but more importantly, Modi realized a major gap in the process that oftentimes leaves filmmakers at a loss from distribution to return on investment. While studios have been backlogged with a long list of films to be released,

independent filmmakers are finding themselves at a deficit between securing distribution, financing, placement/release, and giving away a significant percentage of return to a streaming service—resulting in a fruitless waiting game, pain-staking process and upside-down investment.

As an industry innovator, Modi decided to BE the change by launching a widely successful streaming service—[Indie Films World](#) (IFW)—that not only creates a no-nonsense solution for independent filmmakers, but also a portal of the latest and top-rated variety of films for audiences who have grown tired of the same collection of films available on mainstream platforms.

Modi is unstoppable after making his first feature film “The Elevator” he has made web series “Mission Kashi” in Hindi language which was release in October 2022 on Indie Films World Platform. Modi’s 3 more films will be released this year.

“TORN” starring Alfonso Freeman he is a son of Morgan Freeman. Torn is Psychological Thriller Feature Film.

“BRIDE OF ZAMBAI” short English film streaming on Indie Films World

“POLITICAL WAR” Bollywood Hindi Feature film is now streaming on Indie Films World.

Journey into Filmmaking

Modi’s journey into filmmaking began with a spark ignited by Bollywood and nurtured by his

relentless pursuit of his passion. Undeterred by the lack of connections in the industry, he ventured to Los Angeles, US to master the craft, eventually producing his own film, driven solely by his unwavering passion for storytelling and reaching audiences. "My first film, The Elevator was sold to Amazon, and is doing well on the OTT. This pushed me to take the plunge."

Filmmaking Style and Passionate Themes

Modi's filmmaking ethos revolves around conveying messages and fostering awareness rather than mere storytelling. He aims to guide audiences towards positive action, emphasizing the importance of proactive measures in safeguarding societal values and cohesion. "It is easy to make films on history or what has already happened. However, my aim is to make films that give a solution. And, Political War does that. It offers a way out for the audience."

Cinema, according to Modi, serves as a potent tool for societal change, advocating for content that uplifts and unites. "I urge fellow filmmakers to harness the medium's transformative potential by promoting positive messages and solutions to prevalent issues."

Future Endeavors

Beyond Political War, Modi ventures into diverse genres with upcoming projects like Torn, a psychological thriller featuring Alfonso Freeman, son of Hollywood legend Morgan Freeman. He remains committed to shedding light on compelling narratives, including stories rooted in Indian culture and experiences.
