

# Torrent Mulchers Revolutionize Landscaping with the 33-inch Shark Mulcher

UNITED STATES, June 4, 2024 /EINPresswire.com/ -- [Torrent Mulchers](#) is pleased to announce that it is revolutionizing landscaping projects with the new high-performance mulcher, the [33-inch Shark Mulcher](#). This roadside brush-cutting and tree-removal tool securely attaches to most mini excavators and provides a simple solution to landscaping problems.

Whether companies are looking for brush cutting or need small tree removal or other related landscaping services, using a high-performance mulcher ensures the job is done quickly and efficiently. With the new 33-inch Shark Mulcher, users will find a solid, lightweight piece of equipment that can handle significant landscaping tasks. This mulcher attachment is ideal for commercial applications and works well or better than larger belt-driven mulchers.

The 33-inch Shark Mulcher works with 11 to 16-tonne excavators and was designed as a solution between the 30 and 36-inch Shark models. It consists of a cutting frame and rotor that works well for side grinding, quickly and efficiently cutting down larger trees than other mulcher options. The compact, high-efficiency design promises extreme durability and impressive productivity in a lightweight design that outshines the competition. The 33-inch Shark Mulcher is the perfect roadside brush-cutting and tree-removal tool with a fantastic power rating of 85 horsepower that can withstand the full down pressure of an excavator boom. This new high-performance mulcher gets results without the expense of investing in full-size equipment.

Anyone interested in learning about the new 33-inch Shark Mulcher can find out more by visiting the Torrent Mulchers website or calling 1-866-777-7575.
