

AutoEasy.com Launches First of Its Kind AI Car-Buying Expert to Help Shoppers Find Their Ideal Vehicle

The AI expert provides accurate real-time data, detailed comparisons and ultra-personalized recommendations based on preferences, lifestyle and budget.

NEW YORK, NEW YORK, USA, June 5, 2024 /EINPresswire.com/ -- Searching for the ideal vehicle can be time-

consuming and daunting. Data shows that 95% of consumers use online resources to gather information before ever stepping foot in a dealership and 67% of car buyers have specific vehicle requirements when searching. However, most shoppers are suspicious of the information they

“

I couldn't find an online source that could filter for all of my requirements and guide me to a vehicle. At that moment, I realized a well-trained AI would be the perfect solution.”

Founder and CEO*

gather online, believing the content is likely biased or unreliable. Insert [AutoEasy.com](https://www.autoeasy.com), the first-of-its-kind platform that harnesses the world's automotive resources into an AI car-buying expert, named Axel, to make the car shopping experience accurate, unbiased, ultra-personalized and easy.

“We wanted to build a platform to help individuals find the perfect vehicle for their lifestyle while saving them time, money and hassle,” states Daniel Yuabov, the founder and CEO of AutoEasy. “The idea grew out of my personal experience. For years, family and friends have considered me the car-buying expert. Yet when it came time for me to conduct my most recent car search, I struggled. I wanted a family-friendly sports car that doesn't lose its value. To my surprise, I couldn't find one online source that could filter for all of my requirements and guide me to a vehicle. At that moment, I realized a well-trained AI would be the perfect solution.”

With AutoEasy, shoppers can input their preferences and requirements, discover the perfect vehicle for their lifestyle, access competitive purchase quotes and be connected with a dealer—all while being guided by Axel, the AutoEasy AI Expert, every step of the way. Axel understands and responds to a buyer's unique requirements and guides them to the vehicle they may not

AutoEasy

AutoEasy.com - The easiest way to find the car you never knew existed

even know exists.

Whether consumers are searching for the best 3-row SUVs with hybrid engines or the most budget-friendly electric cars for students, AutoEasy makes it easy for shoppers to find exactly what they need by providing shoppers with personalized recommendations and data they can trust.

“Axel, our AutoEasy AI car-buying expert is truly an expert, says Yuabov. We trained Axel on real data to ensure the information supplied is accurate and up-to-date. A lot of AI tools on the market will hallucinate and make up vehicles that don’t even exist. Car shoppers don’t have to worry about that on our platform,” says Yuabov.

Ultimately, AutoEasy aims to guide the user through the entire car-buying journey to create a full-circle experience—from providing custom recommendations, locating the vehicle, serving as an advocate during the negotiation process, keeping the buyer up-to-date with maintenance and eventually helping them to sell the vehicle, if and when the time comes.

With exclusive editorial content including over 20,000 niche buyer’s guides and the ability to generate an unlimited number of criteria combinations on-demand, AutoEasy is the easiest way to find the perfect car – with expert guidance from AI to Z.

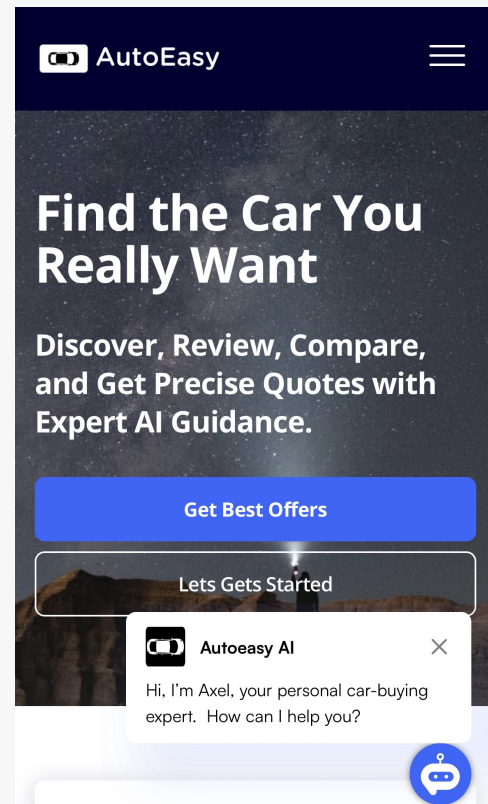

About AutoEasy
