If "Surviving Mann" is the ultimate test of strength, strategy, and survival, "Surviving Mann: All-Stars" takes it to its apex. In this season, Don Mann returns to his seafaring roots, challenging competitors with grueling water-based activities and intense Spec Ops-inspired exercises.

Filmed entirely at sea aboard the Belize Aggressor III, the contestants had to contend not only with the elements but also with the peaceful yet intimidating presence of sharks in the surrounding waters. Top "Surviving Mann"

competitors will face off against elite challengers in rigorous exercises, culminating in missions inspired by Don's extensive background in high-stakes military operations.

"This season of 'Surviving Mann: All-Stars' is unlike anything we've done before," says Don Mann. "Taking the competition to the seas on the Belize Aggressor III brings a whole new dimension to the challenges. We're pushing our all-star competitors to their limits with scenarios that reflect real maritime Spec Ops missions. I couldn't be more excited for viewers to see how they rise to the occasion."

Kerri Kasem shares her excitement about the new season: "Being a part of 'Surviving Mann: All-Stars' has been an incredible experience. The level of skill and determination displayed by our competitors is truly inspiring. Filming Surviving Mann 2 with Don in the Georgia swamp was intense! But now, filming almost entirely at sea on the Belize Aggressor III adds an exhilarating twist to the series, and I can't wait for viewers to see the heart-pounding action and personal triumphs unfold."

"Joining 'Surviving Mann: All-Stars' has been a wild ride," says ASHBA. "The combination of intense survival challenges and the breathtaking setting of the Belize Aggressor III makes for an unforgettable adventure. As a certified diver, I've always loved the ocean, and this show takes that passion to a whole new level. I'm excited for fans to witness the grit and camaraderie that defines this season."
