"Paper Mills have employed thousands of workers in Maine for generations and unfortunately in the 1950s, 1960s, 1970s, and early 1980s paper mills in Maine were loaded with asbestos. The reason asbestos was used in paper mills in Maine is because it was effective in stopping the spread of fire. Many paper mill workers might have had asbestos exposure on a par with a shipyard worker or a navy veteran.

"If you, or your husband or dad is a current or former paper mill worker with just diagnosed mesothelioma in Maine please make financial compensation a top priority and call attorney Joe Belluck of Belluck & Fox at 866-714-6466.
