

# Jewelry Artist Sugar Gay Isber Designed Exclusive Jewelry for New Richard Linklater Film Hit Man

*Austin Area Artist Created Jewelry for Hit Man Movie*

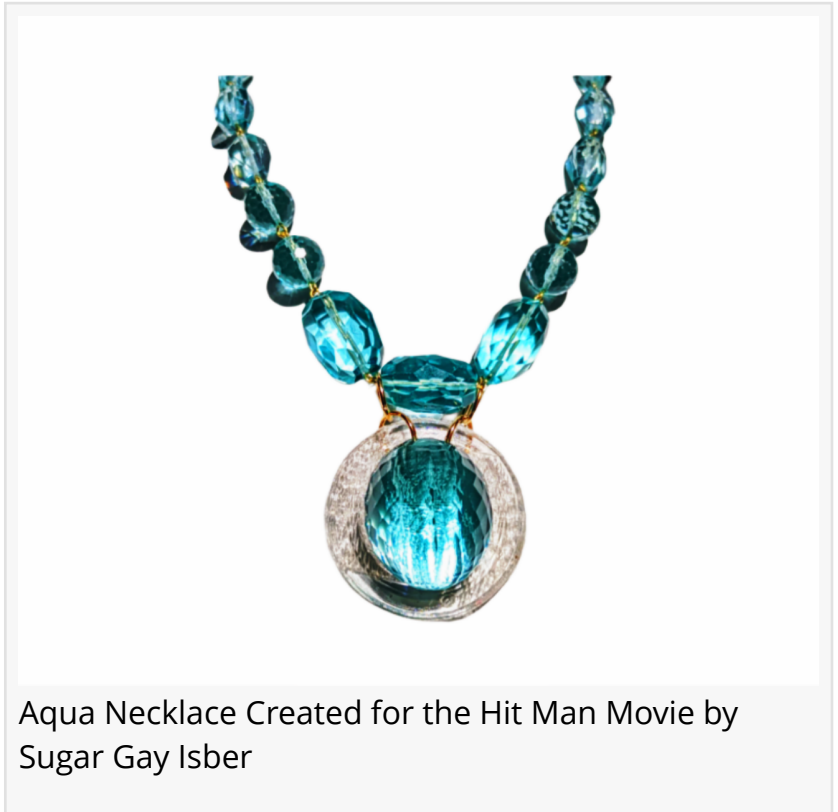

HUTTO, TX, UNITED STATES, June 11, 2024 /EINPresswire.com/ -- Acclaimed jewelry artist Sugar Gay Isber has once again showcased her exceptional talent by creating a bespoke jewelry set for the latest film Hit Man by renowned director Richard Linklater. This highly anticipated movie, now available on Netflix and in theaters, features actress Jo-Ann Robinson adorned with unique pieces crafted by Sugar Gay Isber in her Austin area studio.

Costume designer Juliana Hoffpauir approached Isber to design jewelry complementing Robinson's striking blue eyes.

Sugar has created other items for TV shows and movies Juliana has worked on, including The Astronaut Wives Club, The Iron Orchid, The Blazing World, and many more. The result is a stunning collection featuring rare quartz aqua beads from Isber's stash, some dating back over 20 years. Despite extensive searches across China, India, and even the Tucson Gem and Mineral Show, these beads are no longer produced.

Sugar meticulously prepared the beads by ultrasonic cleaning and oven-drying to ensure they delivered maximum sparkle.

The necklace's centerpiece is a 100-carat hand-faceted aqua stone set within a vintage 50s crystal belt buckle. Sugar also created a matching bracelet, earrings, and ring, all worn to enhance Robinson's portrayal of a wealthy character in the film.
